7TH & 8TH GRADE STUDENTS

Because we don't want 7th & 8th grade students cheated out of the learning experience, they will report to school Monday, May 22 through Thursday, May 25 from 8:00 am until 10:30 am (during exam scheduled times) to work on project-based learning assignments that will be graded to end the school year instead of cyber days. Any 8th grade students scheduled for exams will be excused to take the exam and report to project-based assignments before/after exam.

GENERAL EXAM NOTES

If teachers choose a method of assessment other than an exam, the teacher will notify students of the requirement – assignment, due date, etc.
